FGCMD HISTORY AND ORGANIZATIONAL STRUCTURE

The Garden Club movement in the United States dates back to the late 1800s. In 1926, Maryland was among the first states to form a Federation – The Federated Garden Clubs of Maryland, Inc. (FGCMD). In 1929, Maryland was one of sixteen charter states whose Federations were organized into the National Council of Garden Clubs, Inc., which is now named the National Garden Clubs (NGC). The FGCMD is associated with the Central Atlantic Region of State Garden Clubs, Inc. (CAR-SGC).

STRUCTURE OF THE FEDERATED GARDEN CLUBS OF MARYLAND, INC.

The FGCMD is recognized as being exempt from Federal Income Tax under section 501©(3). Councils, Districts, and Individual Garden Clubs are entitled to join the FGCMD 501©(3) non-profit group exemption, which extends the 'parent' 501©(3) benefits of federal tax exemption. In addition, this group exemption allows Councils, Districts, and Clubs to accept eligible donations/contributions that donors may deduct for federal tax purposes. Regardless of election to the group exemption, each Council, District and Garden Club must have its own IRS identification number (EIN) and each is responsible for filing its own IRS 990. Additionally, each of these entities may have Maryland tax filing responsibilities, including reporting and remittance of retail tax on fundraising sales. Subordinates (Councils, Districts and Individual Garden Clubs) are NOT included in any FGCMD Parent tax filings.

The Five Districts of FGCM

The FGCM, incorporated in 1950, is comprised of five Districts, each led by a District Director. The Directors are members of the FGCM Executive Board and they act as liaisons between the FGCM and the Member Clubs.

The Mission of FGCM

The Federated Garden Clubs of Maryland, Inc. is a 501(c)(3) organization, whose mission is to provide support, leadership and education for garden clubs and the public about best practices for horticulture, conservation, and landscape design. We encourage the protection of our natural resources, endeavor to create civic beauty, to work for the improvement and protection of roadsides and parks, and award scholarships to further these goals.

FGCMD Office – Then and Now

In 1937, the Federated Garden Clubs of Maryland opened its first office together with the Maryland House and Garden Pilgrimage. The two organizations were invited to use a room in the Hotel Belvedere on 1 E. Chase Street in Baltimore City as an office. In exchange, the two organizations were expected to use the banquet facilities of the hotel when such facilities would be needed. Files, stationery, and miscellaneous supplies were kept at the hotel, and the office was in frequent use by officers and chairmen in accomplishing their tasks. For large-scale organizational undertakings, additional volunteers were recruited. The hotel was the scene for many delightful luncheons and teas!

The undertakings of the two organizations grew to the extent that a part-time secretary was engaged to help. The workload continued to grow, so that by 1950, two secretaries were needed, one for each organization. By the 1970’s, the Belvedere could no longer accommodate the FGCMD and the Maryland House and Garden Pilgrimage. The two organizations found space in a small building on the grounds of the YMCA on Chesapeake Avenue in Towson. Operations at that facility continued until February 1982, when both groups moved into the office space at Maryland Presbyterian Church on Providence Road in Towson.

In 2006, thanks to the generous donation by Pauline Vollmer, a member of the FGCMD Woodbrook-Murray Hill Garden Club and the Maryland Horticulture Society, the Vollmer Center was conceived and constructed as an environmentally friendly facility located on the grounds of the Cylburn Arboretum, in Baltimore. The Vollmer Center would serve as the new home of the Federated Garden Clubs of Maryland, the Maryland Horticulture Society, and the Horticulture Volunteer for Baltimore City. With a much-anticipated move, the Federated Garden Clubs of Maryland relocated to the Vollmer Center in 2010.

FGCMD Office Hours and Days of Operation

FGCMD is fortunate to have Office space at the Vollmer Center on the grounds of the Cylburn Arboretum.

Office Hours: Tuesday through Thursday 9:00 a.m. – 3:00 p.m.

The FGCMD office observes any official snow day for Baltimore County schools as well as Presidents’ Day, Good Friday, Memorial Day, Thanksgiving and the Friday thereafter, the week between Christmas and New Year’s Day. If the Office Administrator attends any FGCMD meetings/events, the office will be closed. **VOLLMER CENTER CLOSED MONDAYS.**

COVID: During COVID Baltimore City has closed or limited use of the facilities at Cylburn to the public. As a result, the Office is not open. However our Office Administrator will work from home to ensure the continuity of business and responsiveness to member needs.

It is important to understand that the Office Administrator is contracted to facilitate the general business of the central organization. Individual FGCMO Officers, Committee Chairmen, Council Chairmen, Districts, and member garden clubs are responsible for maintaining and storing their own records, and preparing and distributing their own communications and reports.

FINANCES AND INSURANCE

FGCMO Federal Income Tax Exemption, Tax Returns, 990 Filings and EIN

The FGCMO, Inc. is recognized as being exempt from Federal Income Tax under section 501(c)(3). Member garden clubs are entitled to join the FGCMO 501(c)(3) non-profit group exemption. This group exemption allows donor's contributions/donations, to the organization/clubs, as tax-deductible donation.

IRS Tax Return and 990 Filing: Each District, Council and Clubs are responsible for filing its annual informational tax return(s) regardless of its group exemption election. In addition, each club is responsible for filing its annual 990. The 990 must be filed for the District, Council and Club to keep its tax-exempt 501(c)(3) status. Failure to file the 990 for three consecutive years results in the automatic revocation of the District, Council and Club's 501(c)(3) status.

Employer Identification Number (EIN): Federal law requires each District, Council and Club to have an Employer Identification Number (EIN) that must be reported to the FGCMO Central Office which reports it to the Internal Revenue Service (IRS) when its annual 501(c)(3) is filed. An EIN is a Federal Tax Identification Number used to identify an entity. This number has no expiration date.

Maryland Sales Tax Requirements

Maryland Law requires each District, Council and Club, to collect sales tax on all its fundraising events.

Maryland Sales and Use Tax License Number: Maryland law requires each District, Council and Club, to obtain a license to collect sales tax. An EIN is required when applying for this license. This license has no expiration date.

Maryland Sales and Use Tax Return and Tax Registration Number: Maryland law requires each District, Council and Club to file a Maryland Sales and Use Tax Return and to remit collected sales tax. The registration number is the District's, Council's and Club's tax account number that appears on the Maryland Sales and Use Tax Return. This number has no expiration date.

Maryland Sales and Use Tax Exemption Certificate

Maryland Sales and Use Tax Exemption Certificate: This Tax Exemption Certificate can be used for purchasing tangible personal property that will be used in carrying out the State, District, Council and Club's work; e.g., flower shows. This also includes office supplies, equipment and fundraising supplies. It may **NOT** be used to purchase items that will be **donated** to the organization. This certificate is valid for five years from issue.

Maryland Resale Certificates

Resale Certificates: Districts, Councils and Clubs may make tax-exempt purchases that they intend to resell or property that will be incorporated into something that they manufacture to sell. To receive this exemption, they must give the vendor a resale certificate. It must include the purchaser's name and address, and the purchaser's Maryland sales and use tax registration number.

FGCMD General Liability Insurance

FGCMD General Liability Insurance, purchased through the brokerage firm of Assured Partners of Maryland, LLC., extends insurance coverage to all Member Clubs/Councils for their flower shows, educational, special and public event. A copy of the certificate of coverage is available on the website under Member Resources.

The coverage pays when the FGCMD or one of its Member Clubs or Councils is found legally liable for a covered occurrence. An example of an occurrence is when a member of the public is injured at a garden show or other sponsored event. Member clubs/councils that require Certificates of Insurance for sponsored event can contact the FGCMD office which can provide a certificate for a specific occasion.

There is no need or requirement for clubs to show evidence of insurance if they go out collectively as a group to tour someone else's gardens, facilities or even to lunch afterwards. The exception to this will be if they sign a rental, lease contract at 3rd party's facility for hosting a function or sales / display stall. Questions or concerns regarding the FGCMD insurance policy can be directed to either the FGCMD President or to the Office Administrator during office hours.

FGCMD Directors' and Officers' Liability Insurance

The FGCMD has a Directors and Officers Liability policy coverage for the parent organization only. The parent organization and the individuals who make day-do-day decisions for non-profit organizations face the potential for personal liability in the event of litigation involving their decisions. Even if the claims are ultimately proved unwarranted the cost of defending against a lawsuit can be devastating, thus the Directors and Officers Liability Insurance provides coverage in the event of such litigation.

NGC Blue Star Markers: Purpose and Locations

The Blue Star Program honors all men and women that serve in the United States Armed Services. This program began with the planting of 8,000 Dogwood trees by the New Jersey Council of Garden Clubs in 1944 as a living memorial to veterans of World War II. In 1945, the National Council of State Garden Clubs (now NGC, Inc.) adopted this program and began a Blue Star Highway system that covers thousands of miles across the Continental United States, Alaska, and Hawaii. Blue Star Memorial Highway Markers were placed along the way. The Blue Star was adopted because it had become an icon in World War II and was seen on flags and banners in homes for sons and daughters away at war as well as in churches and businesses.

NGC Gold Star Markers

Gold Star Families is a non-profit organization created to provide support to those who have lost a loved one in service to our country through the United States Armed Forces. Their mission is to offer honor, hope and healing through remembering fallen heroes by coming together. The name Gold Star came from the custom of families of service members hanging a banner called a service flag in the window of their homes. The service flag had a star for each family member in the United States Armed Forces. Blue Stars represented living service members while a Gold Star represented those who had lost their lives. NGC clubs work with Gold Star Families to honor our fallen heroes with Gold Star Markers. Maryland is proud to have sponsored the following.

1. NGC Gold Star Memorial Marker, First Gold Star Memorial in the state. at the Eastern Shore Veterans Cemetery, 6827 East New Market Ellwood Rd., Hurlock, MD 21643, dedication TBD. Sponsor the Federated Garden Clubs of MD, Inc

If such expenses are anticipated, they must be communicated to the 2nd Vice-President and Executive Board in a timely manner, to allow for adequate evaluation and consideration.

- Ensures that complete and accurate financial records/reports for the Committee are provided at the frequency and in the format required by FGMD. Income received, and receipts/invoices for expenses incurred, are to be turned into the FGCMO office promptly, again in the required format. OFFICER INSTALLATIONS

Every two years with the Change in Administration the Councils/Districts and Clubs install new officers. This is typically done at their annual meeting. They may ask an Officer or Director to lead the installation. When you accept their invitation to install Officers it is important that you obtain a list of the incoming Officer Titles and Names. You should also ask for a description of their duties as these may differ in each organization and thus influence your remarks.

While you have the ability to write an installation, many new officers would like some guidance. To help with this NGC publishes "A Collection of Inspirations and Installations" and this is available for purchase from the online store for \$15.00 plus shipping and tax.

GUIDE LINES FOR OFFICER AND COMMITTEE FINANCES

The transactions of Officers and Committees are part of the operations of FGCMC, and therefore are included in tax and other reporting of the organization. Transactions generally are grouped as (1) Grants and donations received or made, (2) Dues received or paid, (3) Fundraising and the costs of fundraising, (4) Program Services [things we do to accomplish our non-profit purpose, like schools, flower shows, workshops, publications etc.] income or expense, (5) Meetings income and expense, and (6) Management/General expense [rent, office supplies and general postage, travel etc.] Please facilitate accurate accounting using the following guidelines:

For income you receive:

- Income receipts are to be turned in promptly to the FGCMC Office.
- Income receipts are to be accompanied by sufficient detail so that they may be posted to the appropriate tax-return-ready category. Please specify the source of all receipts; if receipts are from multiple sources (i.e., both a Fundraising raffle at the Annual Meeting and a few checks you received for Meeting reservations), please separate the amounts out.
- **Maryland state sales tax applies to all sales** (raffle tickets, auction items and the like). Your committee may add sales tax to the price of an item, or may price items with the sales tax included.
 - If the price of an item (a raffle ticket, for example) includes sales tax, you must post a sign indicating to buyers that sales tax is included.
 - ***You must provide sales receipts for items sold***, with the buyer's name and address or phone, and item description, price and sales tax indicated (you may write '6% sales tax included' on the receipt, if the price is tax-inclusive.) A copy of the receipt goes to the buyer, with a copy to the FGCMC office as well. A generic sales pad with multiple copies for each receipt, purchased from an office supply store, works fine.
 - Include a report to the office when turning in money; ***see the following sample sales report and sample silent auction report***. To calculate sales tax in a tax inclusive sale, divide the price paid by 1.06 and subtract the result from the price paid (EX: a \$100 tax-included price paid by buyer divided by 1.06 is \$94.34 in net sales; 100 minus \$94.34 is \$5.66 sales tax)

For donations of cash or goods you receive: Please contact the Office Administrator, who will issue the appropriate acknowledgement with the required tax-deductibility language.

- Incidental copying charges and postage under \$50 per year are reimbursable without supplemental budgeting. If you anticipate expenses in excess of incidental copying and postage, these amounts must be included in the FGCMC budget. You are responsible for forward planning, and you must advise the Executive Board of your needs no later than the September

Board meeting of the year before you expect to incur these expenses, for their consideration in light of other budgetary matters.

- Expenses are to be turned in to the office promptly for payment or reimbursement, and must be accompanied by invoices or receipts for items purchased, or contract with facilities/suppliers.
- Transactions must be classified appropriately. Do not ask for reimbursement for non-specific 'Chairman's Expenses'; sort expenses into tax-return-ready categories.

FINANCIAL 'FREQUENTLY ASKED QUESTIONS (FAQs) FOR DISTRICTS, COUNCILS AND GARDEN CLUBS IN THE FGCMG GROUP EXEMPTION

How do District, Councils (or club) finances relate to FGCMG finances?

Districts, Councils and individual garden clubs manage their finances independent of any reporting to FGCMG. However, because Districts, Councils (and most individual clubs) have elected to become 'subordinates' under the non-profit 'parent' FGCMG group exemption from federal income tax, they must direct their resources to support the purposes for tax exemption. Article II of the FGMD bylaws spells out these purposes.

So there are no filing requirements or taxes to be paid by Districts, Councils or garden clubs in the FGCMG group exemption, right?

No, that would be too easy! Even though Districts, Councils and most garden clubs are in the group exemption, they must file an annual federal tax return; if they are incorporated, Maryland tax return(s) also must be filed. In addition, and importantly, the group exemption does not extend to Maryland sales tax exemption: any sales (raffles, silent auctions, plant or design supply sales, etc.) are subject to Maryland sales tax (currently 6%) which must be reported and remitted to the state, usually on a quarterly basis.

If the District, Council or club normally has \$50,000 or less in gross receipts (that's total income before deducting any expenses) and less than \$1,000 in unrelated business income* during the fiscal year, it is required to file a federal Form 990-N – the electronic postcard. This return is completed and filed only on-line, and no IRS forms or reminders will come by mail: you must remember to file. The 990-N deadline is the 15th day of the 5th month following the close of your fiscal year; if your fiscal year ends on December 31, for example, the filing deadline would be May 15. To file the 990-N, type this address in your Internet browser: www.irs.gov/990n. Use your organization's EIN; record and preserve your password for future filings. Print out and save the confirmation of your filing.

If the District, Council or club has \$50,000 or more in gross receipts and/or more than \$1,000 in unrelated business income* during the fiscal year, it is required to file a paper federal Form 990 or Form 990-EZ. [***Unrelated business income** would be the proceeds from non-purpose related transactions, for example, sales of cookbooks or raffle tickets to a trip to Bali, *even if these sales are intended to provide financial support for the non-profit education purposes and endeavors of the District, Council or club.*]

For incorporated garden clubs, an annual Personal Property return to the state of Maryland is required.

For all Districts, Councils, or clubs who have any fundraising raffles, auctions or sales, Maryland state sales tax must be collected on the purchase price of items or included in the purchase price of items, and you must file periodic returns with Maryland and remit the sales tax. To do so, you must apply for a 'Sales and Use Tax License'; application is available on-line at:

What is Meant by a Fiscal Year?

1. “Fiscal” pertains to finance, this means our “financial year”
2. FGCMD financial year is January 1 – December 31
3. FGCMD’s current “Fiscal Year” is January 1, – December 31, 2021. This is the period upon which all of your financial reporting to FGCMD is based
4. The fiscal year and the calendar year are the same for FGCMD
5. The fiscal year for your club may differ, it is typically (but not always) coincides with the change of your administration.

What are our Dues to the Federated Garden Clubs of Maryland, Inc. (FGCMD)? Your dues support the activities of NGC, the State and your District.

1. Current dues are \$11 per capita for all categories of dues paying membership listed in your yearbook roster as of January 1st each year.
 - a. \$9.40 of that money stays with FGCMD
 - b. NGC dues (\$1.00) per capita are remitted to NGC, Inc.
 - c. (\$.50) per capita are remitted to the five Districts
 - d. (\$.10) per capita are remitted to CAR-SGC
2. Any club for whom per capita dues are paid
 - a. May vote at the FGCMD Annual Meeting
 - b. May become a FGCMD officer or hold a chairmanship on the State or District Boards

How are our Dues to FGCMD allocated among National Garden Clubs, Inc. (NGC) and FGCMD and Districts?

1. One dollar (\$1.00) of each per capita dues payment to FGCMD goes directly to NGC and each FGCMD District
2. Dues from States must be paid to NGC between June 1st and October 31st. This helps determine the January 1st date upon which member dues must be paid to FGCMD.
3. The number per capita dues that are paid to NGC determines the number of voting delegates that Maryland is allowed to have at the NGC convention.

Can subordinate Districts, Councils or clubs acknowledge a donation as ‘tax deductible’ to the donor?

Yes, subordinates in the FGCMD group exemption may issue a tax-deduction receipt to a donor. The District, Council or club should keep a master list of all donations to include donors’ names, addresses,

amounts and dates received, to be filed with your summary income and expense statement for the fiscal year (see *'What routine financial reports should the District, Council or club prepare?'*).

In addition, it is important to thank the donor promptly, with the amount, date the donation was received and appropriate tax-deductibility language noted on every donor acknowledgement. Acceptable taxdeductibility language is:

"District [insert number] –Federated Garden Clubs of Maryland, Inc. or [Name of Council or Name of Garden Club] is included in the group exemption of Federated Garden clubs of Maryland Inc., a 501(c) (3) organization as determined by the Internal Revenue Service, donations to which are tax-deductible to the fullest extent allowed by law. No goods or services were provided in consideration of this donation. Please retain this acknowledgement as your receipt."

- For donations in cash, you may list the amount received on the receipt or acknowledgement, along with the deductibility language above [see sample (a)].
- If a donor has picked up the tab for expenses (such as airfare for a speaker, for example) and presents you with his/her receipts in lieu of reimbursement, treat the donation as if it were cash as described above. Retain copies of the receipts with your letter of acknowledgement [see sample (b)].
- For donations of items or services, do not list any amount or valuation on the receipt or acknowledgement. Rather, describe the item ('14" tall ceramic floral container, handmade by Jane Potter', or 2 hours of garden design consultation from Mary P. Famous and Co.', for example) on the acknowledgement, and include the deductibility language above . The donor is to work out valuation with his/her tax accountant; see sample (c)].
- If the donor receives some benefit in conjunction with her gift, such as a subscription to your publication, you must indicate the value of the subscription, as this portion of the donation is not tax-deductible. The acknowledgement in this circumstance might read: 'Your \$100.00 donation includes a subscription to 'Horticultural Hints' with a fair-market value of \$18.00; the tax-deductible portion of your donation is \$82.00; also use the deductibility wording as above.

What routine financial reports should the District, (Council or club) prepare?

Like any business, the District, Council or club should keep complete and orderly records of its financial affairs. A budget, summary annual report and periodic financial reports should be made by the Treasurer to the District, Council or club Executive Board, Executive Committee or membership.

Each District, council or club Treasurer must prepare and approve an annual balanced budget. Depending upon District, Council or club bylaws, budget approval comes from the District, Council or club Board, Executive Committee or membership.

The District, Council or club Treasurer should prepare a summary statement of all income and expenses for each 12-month fiscal year, (a copy of which should be file with the District, Council or club 990 tax filing or the confirmation of 990-N electronic filing). While the District, Council or club may format this summary

according to its preference, a spreadsheet is strongly recommended. Spreadsheets can be done by computer by Treasurers who are familiar with basic spreadsheet applications (Excel for instance), or income and expense amounts can be handwritten on a form or similar schedule.

A sample spreadsheet is attached for your consideration. While not all IRS income and expense categories are included, those that will most likely relate to District, Council or club operations are listed, such as:

Income categories:

- **Donations, grants:** Donations from members of the public; grants or other allocations received. Donors should be thanked promptly, and the acknowledgement must contain appropriate language regarding tax-deductibility of the donation; contact the FGCMO Office Administrator for assistance with proper wording of acknowledgements. In addition, the Council must keep a master list of donations or grants, to include donors' names, addresses, amount and dates received, to be filed with the spreadsheet or schedule for the fiscal year.
- **Dues Income:** Membership dues received.
- **Conference and Meeting Income:** Reservation payments from members. Do not include raffles, or sales income etc. even if received at meeting; these items belong in the 'Fundraising' category.
- **Program Service Income:** (from services you provide in carrying out the FGCMO federal income tax-exempt educational purpose) such as: workshops, lectures or demonstrations, horticulture or design days or seminars, sales of NGC flower show supplies or publications. Flower shows, or garden, horticulture or preservation-related tours etc.
- **Fundraising Income:** Proceeds from plants or garden/design supply sales, raffles, silent auctions etc. or from reservations to a fundraising event. ▪ **Interest Income.**

Expense Categories:

- **Grants, Donations, Awards and Honoraria:** Money you give out, including memorial donations or donations in honor of a speaker.
- **Conference and Meeting Expense:** The facility, food, equipment, speaker fees, décor, etc. associated with your meetings, and any CAR-SGC or NGC registration fee paid on behalf of an officer.
- **Program Service Expense:** Facility, equipment rental, speaker fees, transport, admission tickets, postage/shipping and supplies or copying etc. associated with your purpose-related workshops, lectures, demonstrations, horticulture or design days, flower shows, or garden, horticulture or preservation-related tours etc.
- **Fundraising Expense:** Cost of producing or purchasing something for a fundraising purpose, or facility, equipment, food, transport, admission, etc. for a fundraising event.
- **Dues and Membership Expense:** What you pay to belong to a related organization.
- **Mileage, hotel, meal allowance and other travel-related Expenses.**
- **Supplies and Copying:** Separate into *Program Services, Fundraising and Donations* (postage and shipping of a product, postage for acknowledging donations or postage for promoting a

fundraiser, for example) and *General*, or everyday postage for meetings of other communications.

- While not listed on the spreadsheet, you may have General Expenses, to be broken down accordingly: Rent, utilities, telephone, Internet, salary and other payroll expenses, etc.
- Other Expenses: Insurance, professional fees (CPA/Attorney), gifts to outgoing officers, sympathy or get-well cards of flowers, bank fees and charges.

What financial data should be retained and for how long? It is recommended that you retain for a minimum of 7 years:

- Original bank statements, deposit slips, copies of cancelled checks, your statement reconciliations and 1099s or other earning statements.
- Original check registers and paid invoices or receipts.
- Other financial records, such as Treasurer's reports.

Retain in your permanent files:

- The budget for each fiscal year approved according to your bylaws.
- Summary Income and Expense statement or schedule for each fiscal year, with the master list of donations for the year attached.
- Copies of any federal or Maryland State tax filings (or confirmations of 990-N electronic filings).
- Correspondence with IRS, the State of Maryland and/or FGCMMD regarding financial or tax matters.

PUBLICITY IDEAS & SUGGESTIONS FOR CLUBS

by Jane McKee, CGCI Communications Director

Publicity Definition: any information, promotional material, etc. which brings a person, place, product or cause to the notice of the public. *Do you have great programs, projects and activities but are not sure how to go about publicizing them? Here are some suggestions for getting the word out:*

- Where do you get your information?
- Think beyond your club and/or neighborhood...
- Don't be afraid to ask...the worst they can do is say "no"...

WHAT? Media resources include newspapers, magazines, newsletters, advertising flyers ("penny savers"), radio, TV, posters, handouts, online calendars and event notices and more.

NEWSPAPERS

- NOTE: Unfortunately, in today's economic climate, many newspapers are no longer offering "community news" sections so it may be harder to obtain the coverage you need. But keep looking, there are alternatives.
- *Small outlets* (usually a weekly edition covering a small town or neighborhood).
- Contact the local editor or community editor and ask about coverage of ongoing activities (club meetings, guest speakers, smaller events), deadlines, how to submit (e-mail, fax) and photos (will they accept photos submitted by the club or do they prefer to provide their own photographer.) Invite them to your meetings/events.
- *Medium outlets* (those covering one County, a segment of a County or a city area).
- Contact as above, but many of these have a weekly "home/garden" section and will do feature stories on larger events (flower shows, garden tours, luncheons, plant sales etc.).
- *Major media outlets* (those that cover the state or large counties) – LA Times, San Francisco Chronicle, San Diego Union Tribune etc.
- Many have "local" editions covering a County or specific region but may restrict the type of coverage available i.e., "basic info" only, photos of the event (published after) but no pre-event photos, limited number of event submissions etc.
- Under "contact us" (inside the local section) will be listed telephone numbers and e-mail addresses for everything from "late delivery" to "community news". Call or write and ask how to submit information on community events.
- Today most major outlets rely on their online calendar section that will list the basic info of date, place, time, type of event. Check their websites for "submit your event" forms.

Sample Press Release

The _____ Garden Club will hold (insert your activity) on (date/time) at (location). (Insert specific information about the activity). The club meets the (insert your schedule ex: first Tuesday of the month), (time) at (location). Each meeting features (speaker, demonstration, refreshments, etc.). The program for (insert next monthly meeting if appropriate) will be _____. In addition, the club sponsors (workshops/study groups/garden tours or whatever) throughout the year. Membership is open to anyone interested in gardening and guests are welcome at any meeting or event. For information contact: (name and phone number). _____ Garden Club is a member of District ____, Federated Garden Clubs of Maryland, Inc. (FGCMD)

TV/RADIO

- Many local stations have programs that feature or highlight special community events or activities.
- This may be a scripted ad or an informal interview with one or more of your members, maybe even “on location” at your event.
- Check the local listings or their website for contact information.
- MAGAZINES:
- Whether large or small, the important thing to remember is that magazines have a long lead-time for publication.
- Most will need information a minimum of two (2) months in advance of their publication date. And most will, at the very least, offer a calendar listing or a paid ad.
- Check your area for locally published magazines (Chamber of Commerce and Visitor’s Bureau are good sources) and how often they publish.
- Many Chambers publish a local “resource” book listing businesses and attractions as well as clubs and their major events.

INTERNET

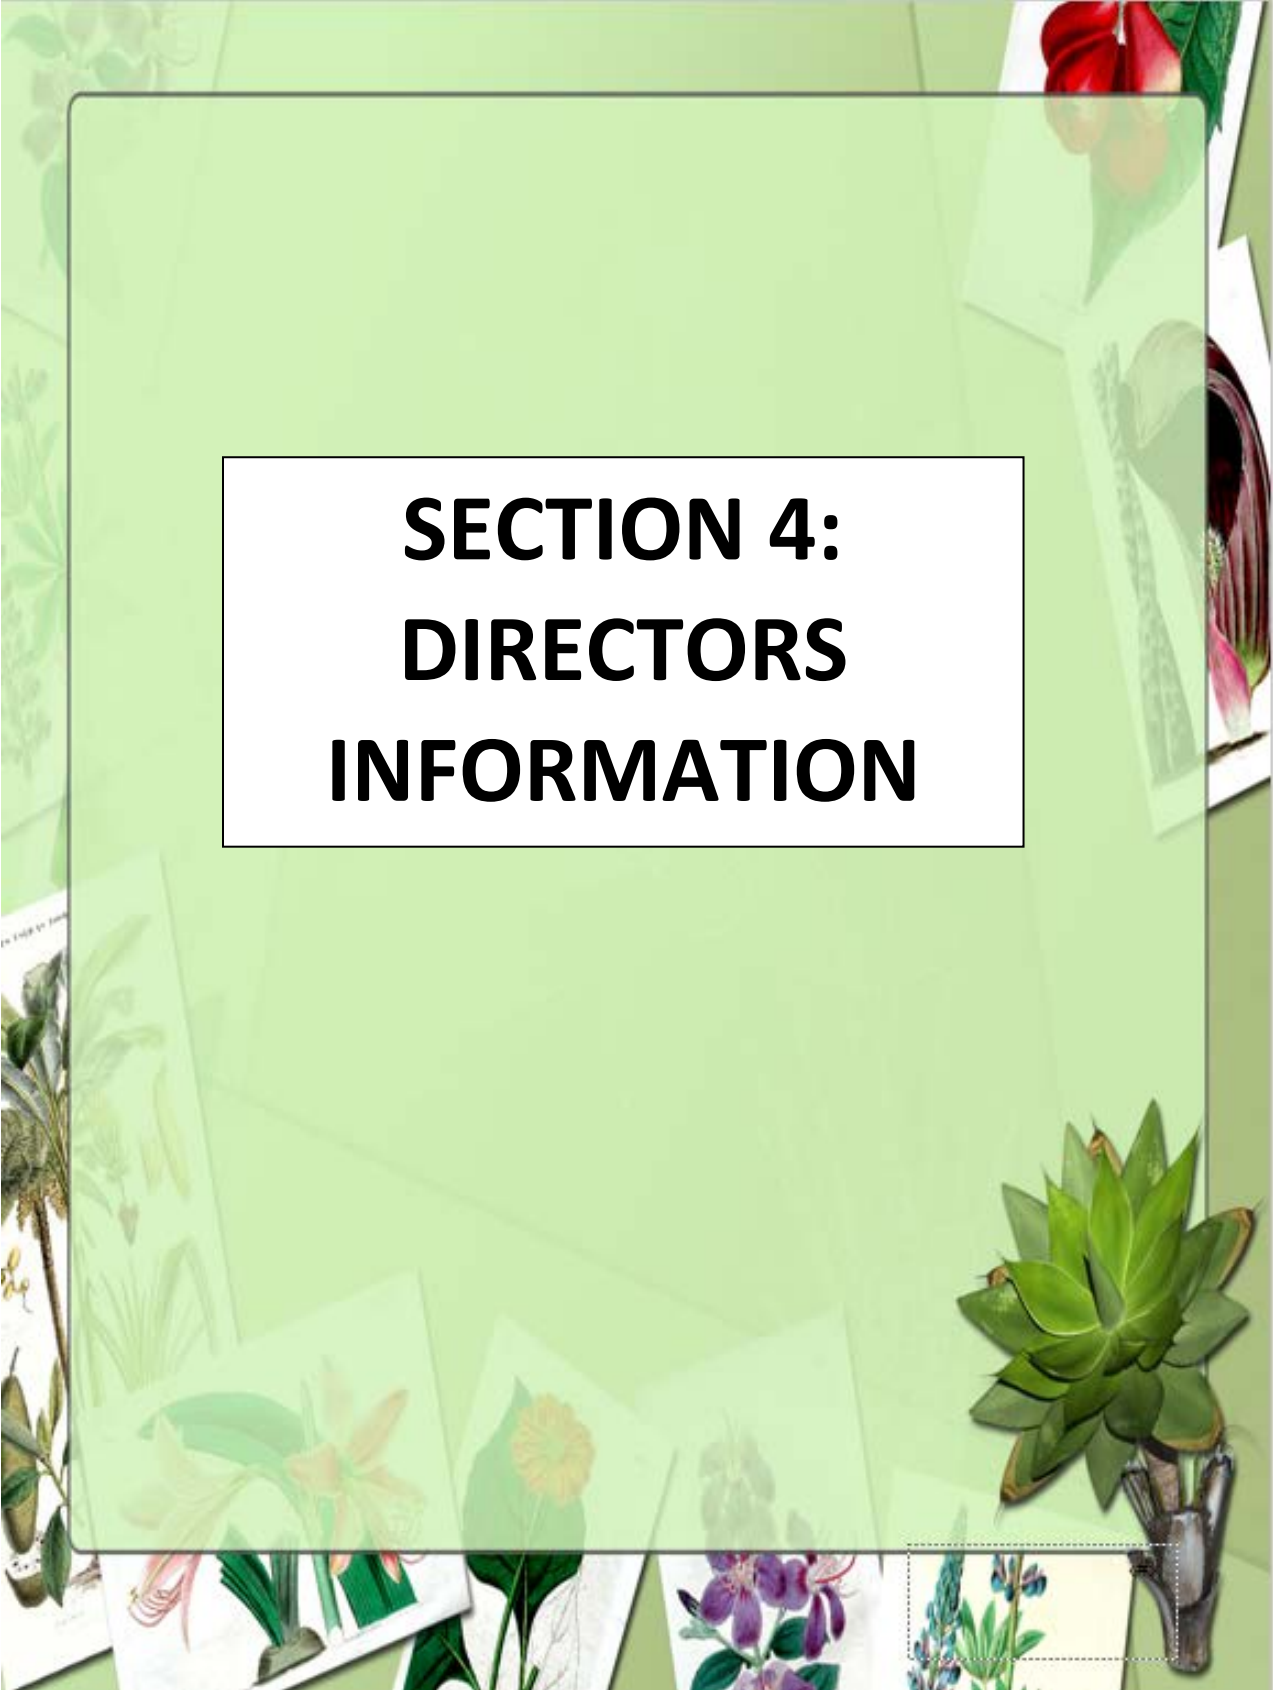

- Post your SPECIAL event on the CGCI, Pacific Region and/or National Garden Club online calendar.
- “Google” the word(s) ‘garden’ or ‘garden club’, zero in on your area and you may find dozens of websites that are willing to publicize any/all activities.
- You may also find the online version of magazines and other publications that have calendar listings.
- If you have a club website, be sure to link it to as many of these websites as possible.

POSTERS/FLYERS

Local merchants, nurseries/garden centers, libraries, community centers, real estate agents, farmer’s markets and many more...

MISCELLANEOUS

- Check with other local organizations to see if you can post your events in their newsletters (perhaps an exchange?), on their websites (try the Chamber of Commerce or local Visitor Bureau), or have special event flyers available at their meeting.
- How about real estate offices? Will they allow you to put club information flyers into “new resident” packets?
- Free or special interest flyers/magazines that appear in your mailbox – many have calendar listings.
- Nurseries and garden centers may have customer newsletters or a website that includes an event calendar.

The background of the page is a collage of various botanical illustrations. It includes a red flower in the top right, a green succulent-like plant in the bottom right, and several other plants with different colored flowers (yellow, purple, pink) and leaves scattered throughout. The illustrations are set against a light green background with a subtle grid pattern.

LETTER FROM THE PRESIDENT

Dear Club President,

Congratulations on being elected President of your garden club! Leading and guiding your garden club activities and projects can be a fun and rewarding experience. It is a team effort with everyone on the team making a contribution.

In order to help you in your job as President, this booklet contains information and resources that you may need – to help you conduct the business meeting, to give you background information that you may not know or to help guide you in finding resources for education and projects.

Below is a “creative” list of duties for a Club President:

Communicate with all members and officers

Learn from district, state and national publications and **SHARE** them with members

Understand the power of personally inviting someone to attend or join the club

Bylaws – are they member-friendly and inclusive?

Preside at club meetings with an agenda

Represent the club at District and State meetings

Encourage participation; emphasize educational programs

Select chairmen and support new ideas

Identify why you exist as a group; do you need a new purpose or focus?

Decide on a goal or theme

Enjoy each other, gardening and flowers

New ways to do things

Treasurer is a key player of the club

My best wishes for a successful administration,

Anna O’Kelly
President, Federated Garden Clubs of Maryland

INFORMATION AND IDEAS

General Information

1. All the information you need to know is in your district, state and national publications and on their websites.
2. Notify the **District Director** when the Club President changes. Send the contact information **as soon as possible** so the president will receive all pertinent communication.
3. Use Member Services of National Garden Clubs to order ribbons for Flower Shows, a pin for the club president, books, videos, etc. (See page 89.) The State Office also has a supply of flower show ribbons and entry cards available for purchase.
4. Encourage members to attend District meetings, State Conventions and Schools (Flower Show School, Landscape Design School, Gardening School and Environmental School) for further educational information.
5. Apply for District, State, Region, and NGC awards for the work the club is doing. The monetary award can add funds to the project. The recognition for a job well done serves as a source of ideas for other clubs.
6. Invite the District Director and State President to special events of the club, such as anniversaries, flower shows, etc.

Financial

1. The club's bank account should have the EIN (Employer Identification Number) obtained by the club, not the Social Security Number of an individual member in the club. An EIN can be obtained from the IRS using form SS-4, which can be found on the IRS website, www.irs.gov. Application can be made by phone, fax, online or by mail.
2. Donations to your club are tax-deductions to the donor only if the club has IRS 501(c)(3) status that has been obtained by the club from the IRS or the club is a subordinate in the IRS Group Exemption through the State Garden Club organization. Any other questions about non-profit organizations can be found at <http://www.IRS.gov/Charities-&-Non-Profits/CharitableOrganizations>. Check out the IRS 1023-EZ streamline process for applying for tax exempt status.
3. Being tax-exempt means the club is exempt from paying **federal income tax**. It does not mean the club does not have to pay **state sales tax** unless the club has acquired an exemption from the state government to not pay sales tax.
4. If your club is sponsoring an event in a location that requires liability insurance, check with your state organization to see if they provide that coverage for the clubs in the state. If not, the club will need to acquire their own policy.

IDEAS

1. Use a club newsletter by email or regular mail to better communicate with all members and/or shorten the business portion of the club meeting by putting some chairmen's reports in it.
2. Honor a club member with a Life Membership in FGCMDC. This \$75 contribution goes to the Life Scholarship fund. The donation should be sent to the FGCMDC Office Administrator.
3. The sale of NGC *Vision of Beauty Calendars* can be used as a fundraiser. (See page 19).
4. Meeting ideas that will save the club paying for a speaker for a meeting:
 - Let the District meeting be one of your club's meetings.
 - Join with other club/clubs for a monthly program.
 - Visit gardens or flower shows for a monthly meeting.

SAMPLE AGENDA

As President, you should always have a **written AGENDA**, or ORDER OF BUSINESS, for each meeting. It should include the following:

1. **CALL MEETING TO ORDER** - Opening exercises, such as invocation or pledge of allegiance (optional)

2. **MINUTES OF PREVIOUS MEETING**

- If not previously distributed by email, minutes should be distributed or read by the Recording Secretary.
- After any additions or corrections by a member, say “**APPROVED AS READ (OR AS CORRECTED)**,” usually by general consent. No motion or vote is needed to approve.
- **Minutes are the written record of the proceedings and should include:**
 - Date
 - Time
 - Place of meeting
 - Presence of president and secretary or their substitutes
 - Approval of minutes of the previous meeting
 - Treasurer’s Financial Report
 - Record of actions taken, including all main motions whether adopted or lost (but not if withdrawn); name of maker (but not seconder) of the main motions
 - Time of adjournment
 - Signature of Recording Secretary

3. **TREASURER’S REPORT**

- Emailed ahead of time or distributed and/or read by the Treasurer.
- After any questions or corrections, say “**THE REPORT WILL BE FILED.**” • **No motion or vote is needed to accept report.**
- **Example of a brief form for Treasurer’s monthly report:**

Balance on hand (date of last report)		\$ _____	
Receipts (for current month)		+ _____	
	Total	_____	
Expenses (for current month)		- _____	
	Balance on hand (date of present report)	_____	
	(Signature), Treasurer		

4. **REPORTS OF OFFICERS AND STANDING COMMITTEES**

5. **REPORTS OF SPECIAL COMMITTEES**

6. **UNFINISHED BUSINESS**

7. **NEW BUSINESS**

8. **ANNOUNCEMENTS**

MEMBERSHIP

BE PROACTIVE ABOUT MEMBERSHIPS

Realize that most volunteer organizations are losing members,
not just garden clubs.

Be proactive instead of reactive!

Proactive - Creating or controlling a situation by causing something to happen rather than responding to it after it has happened. **Reactive** – Responding to a situation

WE NEED TO LEARN THE 3 R's OF MEMBERSHIP – RECRUIT, RETAIN AND REVITALIZE!

1. RECRUITMENT

Are your Bylaws Member-Friendly?

- If there is a cap on membership, consider removing it.
- Voting on members - does it work in your area or with your club's size? Do members have to leave for the vote? This might perpetuate a stereotype. Consider an application with automatic acceptance. If someone wants to join, why would we turn them down?
- How often do you meet per year?
- Do you have too many or too few officers?
- Are your dues too high or too low?
- Do you meet in private homes or in public places? Most visitors are more comfortable meeting in a public place.
- Is your club meeting only daytime or only evening? Many younger or working people cannot make a daytime meeting.

Make Visitors Feel Welcome

- Are visitors greeted and made to feel at home? Consider assigning a greeter at each meeting who sits with a new person and explains things and makes them feel welcome.
- Are visitors introduced?
- Are visitors invited back?
- Are visitors given an explanation regarding what your club is all about?
- Are visitors sent follow-up cards or calls - *"We're glad to have met you, please come back"*?
- Are potential members on your call/email list? Are they called and reminded of the meetings?

Advertise Your Club

- Donate magazines with your club's information in it and place at doctor's offices or other waiting rooms. Give your local library a copy of your state magazine and/or a gardening magazine subscription with your club's information to be put inside each issue.
- Give articles on home landscaping to your local realtors to give to prospective buyers. Have contact information on it. Greet a new neighbor with an invitation to join.
- Volunteer to write a gardening article for your newspaper.

SECTION 5: GUIDE FOR FGCMDC CLUB PRESIDENTS

- Wear shirts with your Garden Club's name on them when working in your community.
- List your Garden Club meetings in your newspaper in the community calendar.
- Distribute posters or flyers around town inviting people to attend your meetings.
- Celebrate National Gardening Week with projects, receptions, newspaper articles and mayoral proclamations.
- Advertise events such as flower shows. Invite others in your district and your state officers.

Use Signage

- Use signage on your community gardening projects to show who created and/or maintains it.
- Consider a small magnetic logo or window sticker for your car if you don't have a Garden Club license plate.
- Consider creating a club logo and use it.
- Use signage on town welcome signs that churches and civic organizations use.
- Have business cards printed with contact information and meeting days to pass out to potential members.
- Volunteer to do arrangements at Nursing Homes or other public places and leave informational tent cards.
- Adopt a roadside Wildflower Site with signage

Other proactive measures to think about

- Offer garden educational seminars to the public.
- Have booths in local fairs and festivals.
- Work cooperatively with other groups, including Master Gardeners, scouts, etc.
- Invite members from disbanded clubs to join your club.
- Think of creative meeting places – block parties, historic sites, public gardens...

DON'T FORGET WORD OF MOUTH

Be on the look-out for potential new members by noticing them in nurseries or working in their yards and invite them to your garden club meetings. Invite new neighbors. When you're in a store line and notice someone purchasing plants or gardening magazines or books, start a conversation about gardening and invite them. **Most people join garden club by an oral invitation.**

2. RETAINING MEMBERS

- Make sure every member is spoken to, especially newer members.
- Call club members who have stopped attending your meetings. Offer to pick them up and bring them to meetings.
- Listen to the needs of your members and implement and highlight their talents.
- Realize not all members can do the same work due to time restraints, physical restrictions or finances. Make sure every member serves on the committee, including older members as mentors.
- Offer fund raisers so that members aren't constantly giving financially to projects

SECTION 5: GUIDE FOR FGCMDC CLUB PRESIDENTS

- Send cards for special accomplishments, etc. Make members feel special
- Avoid gossip
- KEEP MEETINGS SHORT!

Members and Clubs Need to See What They're Receiving for Their Dues

- Does your club, district or state offer scholarships to participate in state, region and national conventions? Schools? Advertise it!
- Does your nonprofit status allow clubs to benefit? Let clubs know this
- Make sure your state magazine and website is high quality and features accomplishments of clubs and members.

We Need to Encourage Attendance and Participation

- Encourage members to take advantage of what NGC offers through your state: Landscape Design Schools, Flower Show Schools, Gardening Schools, Environmental Schools, Region meetings, District meetings and State conventions.
- Encourage attendance at our club's activities and at the state, region and national levels.
- The more connected your club is to other clubs, districts and states; the more vital your club will be.

3. REVITALIZE

Verb Definition: to impart new life or vigor to
Synonyms - re-energize, boost, regenerate, resuscitate, refresh, stimulate, rejuvenate...Got the picture???

We need to change our image from exclusively a women's organization that wears white gloves and hats to an organization that is inclusive and wears gardening gloves and sun hats and has a strong presence in our community.

We need to embrace technology

- We can use email, Skype, Facetime or Zoom to contact members and cut down on meetings.
- Are you using social media to advertise our clubs and organization?
- Do we use text messaging to remind members of meetings?
- Are we using Power Point and other computer visual aids for programs?

Leaders Need to Set Examples

- Get your hands dirty. If possible be a working garden club
- Occasionally have hands-on projects that members can take home.
- Take field trips to garden related places.

Respect the role of changing membership within our ranks. Diversity in membership is the key

Try to think outside of the box

Lastly, **HAVE FUN!**

Headquarters in St. Louis, Missouri

www.gardenclub.org

National Garden Clubs, Inc. The mission of National Garden Clubs, Inc., is to provide education, resources and national networking opportunities for its members to promote the love of gardening, floral design and civic and environmental responsibility. NGC provides many options for education and for participation in various projects.

When garden clubs join together at both the state and national level, a strong network is formed to make a powerful voice that can be heard nationally to address current issues, such as climate change; water shortages; declining population of pollinators and amphibians; best growing practices; beautification of our towns, cities and highways; hunger in the United States and the benefits of locally grown food.

**SECTION 6:
MEETING
MANAGEMENT**

SECTION 6: MEETING MANAGEMENT
CONDUCTING A MEETING

PUBLIC SPEAKING

Knowing that you will be speaking to a group often helps in organizing your thoughts logically beforehand, and in presenting your material convincingly. No special gift is required: you have ability, you learn. As a leader, effective public speaking is an important aspect of your office. Remember to:

- Stand up straight.
- Look people in the eye.
- Speak up; project your voice confidently.
- Be authentic.
- If necessary or appropriate, you may apologize for an error, but only ONCE - then move along.

BASIC PROTOCOL AND PARLIAMENTARY PROCEDURE

What is Parliamentary Law? Courtesy and justice for all. Consider one thing at a time. The minority must be heard. The majority must prevail.

PROTOCOL FOR PRESIDING OFFICERS

As the presiding officer, it is important for you familiarize yourself with the fundamental rules of parliamentary law (a copy of the most current edition of *Robert's Rules of Order* is most helpful), and with the Bylaws and Standing Rules of FGCMD and of the District. In conducting yourself and your meetings:

- Set up an efficient and complete calendar - write in all meetings and events.
- At meetings, the U.S. flag should be placed to the right of the presiding officer.
- At meetings, if officers are seated at a head table and there are no guests, the presiding officer is seated in the center, with the Parliamentarian and Recording Secretary nearby (at either side), and other officers seated to the right and left according to rank. The usual rank of officers is:
 - Presiding officer: President, Chairman, District Director
 - Vice-President(s), Vice Chairman or Assistant Director
 - Recording Secretary
 - Corresponding Secretary
 - Treasurer
 - Elected officers outrank appointed officers; officers outrank chairmen. All chairmen rank equally.
- Start the meeting on time, with a specially prepared agenda for each meeting.
- Open the meeting with only one rap of the gavel.

SECTION 6: MEETING MANAGEMENT

- It is your duty to keep order, expedite the business of the assembly, and see that rules are enforced.
- Refer to yourself as 'the chair' or 'your President' or 'your Chairman' or 'your Director' - never 'I'.
- Advise anyone who is using 'respectfully submitted' in her report that the term is no longer used. State only the reporter's name and title.
- Instruct the Recording Secretary that minutes should contain the record of what was accomplished or done at the meeting, not what was said.
- When making introductions, please be sure check beforehand for the correct pronunciation of names.
- When reports are made, the presiding officer [President/Chairman/District Director] reports first, followed by officers according to rank, ending with committee chairmen.
- The National Association of Parliamentarians prefers the use of 'Madame Chairman', rather than the contrived terms 'chairwoman', 'chairperson', etc. Thank committee chairmen for the work of the committee, not for their report.
- Do not talk too much from the Chair, and don't let members wander in their discussion.
- Do not lose your sense of humor, or take yourself too seriously.
- Be familiar with past minutes, for both history, and background on ongoing issues.
- The President, Chairman or District Director, even if ex-officio on a committee, should not attend each meeting, but should allow the committee to progress in its own way. As an ex-officio member of a committee, you do not have anyone else represent you at meetings; you are the appointed one.
- Read your mail or e-mail carefully, and answer mail, email and phone messages promptly.

Your parliamentarian can be a valuable resource for you in issues of procedure. The parliamentarian rarely speaks during a meeting; her function is to advise the presiding officer. The parliamentarian does not correct the presiding officer during a session; consultation concerning potential issues or procedures before a meeting is best. The presiding officer rules - the parliamentarian advises. Once the presiding officer has ruled, no advice can be given.

ORDER OF BUSINESS FOR PRESIDING OFFICERS

Your Agenda should follow this order and should be distributed to attendees in advance of the meeting.

1. Call to order by the presiding officer
2. Opening ceremonies (optional)
3. Roll call by the Secretary (optional)
4. Approval of the minutes of the previous meeting. Either read minutes at the meeting, or send in advance by mail and/or email. Call for vote of approval as read or as sent, and state "the minutes stand approved as read/sent", or "as corrected".
5. Correspondence read by the Corresponding Secretary
6. Treasurer's report read by the Treasurer -"The Treasurer's report will be filed with the minutes"
7. Reports of Officers
8. Reports of Standing Committee Chairmen
9. Reports of Special Committee Chairmen
10. Unfinished business [not 'old' business]
11. New business
12. Announcements
13. Adjournment

MOTIONS

Motions are used to present business to the assembly for their consideration. All important issues should be acted upon by motion, and voted upon by the organization.

Instruct your Board or membership in the correct manner of proposing a motion. Never say '*I make the motion...*' The correct verbiage is '*I move that ...*'

Until a motion is stated by the presiding officer, the mover may withdraw or modify it without consent of anyone. After the question has been stated by the presiding officer, it is in possession of the assembly and can neither be withdrawn nor modified without the consent of the assembly. After a motion has been stated by the presiding officer, it is before the assembly for consideration and voting.

Before a motion is open to debate, it must be made, seconded, and **stated by the chair.**

The presiding officer should refrain from discussion of a motion. All motions should be put to a vote after discussion, and the results of the vote should be stated. A motion is not complete until the negative vote is taken, and the results are stated by the presiding officer.

Instruct the Recording Secretary that the text of all motions is to be entered into the minutes, except those motions that are withdrawn. Minutes are the legal record of the organization's activities, so **motions must be recorded exactly as made**. Minutes record the name of the maker of the motion, but not the person making the second.

PROTOCOL FOR VISITING DIGNITARIES

A distinguished out-of-town guest should be met at the airport or train station, and escorted to her hotel or to the private home at which she will be accommodated. She should be given an agenda of all events that she is expected to attend. *An escort or page should be assigned to ensure that she has every possible assistance.*

Members should rise (only once) for the NGC President, FGCMDC President or CAR Director, when presented. The offices are being honored, not the individuals.

Protocol plays an important part in seating arrangements when guests are present. At a large meeting or at a meal function, two patterns of seating are appropriate. In the first, the presiding officer is seated in the center or just right of center, with the highest-ranking guest seated to the right of the presiding officer. Order of seating is determined by the level of office (national, then regional, then state, and then district). The ranking officer at an FGCMDC meeting is the President; at a District meeting, the ranking officer is the District Director.

In the second, zig-zag pattern of seating, guests and/or officers are seated alternately according to rank—first to the right, then to the left, next to the right, then left, etc. The usual rank of officers is:

- o President (or Chairman or District Director)
- o Vice-President(s) (or Vice-Chairman or Assistant Director)
- o Recording Secretary o Corresponding Secretary
- o Treasurer

Elected officers outrank appointed officers; officers outrank chairmen. Chairmen should be seated in the order of their listing in the Directory (generally alphabetical.)

Those seated at the head table may be presented or introduced from lowest rank to highest rank, or vice-versa. You do not introduce the 'head table'; you introduce the 'guests at the head table'. Persons known to the assembly are *presented*, and those unknown to the assembly are *introduced*.

Past Presidents are presented in order of service, with the most recent being first. This order may change if a past president is called upon to introduce a speaker, make a speech, install officers, or serve some other function. Usually in presenting past presidents, their term of office is referenced (i.e., 2007-2009) before stating the name of the individual.

SECTION 6: MEETING MANAGEMENT

In a receiving line, the presiding officer is first, with the highest-ranking guest to her right, followed by other guests and officers according to rank. Receiving lines should not be too long! If an individual holds more than one position, the higher position is favored in ranking.

INTRODUCING SPEAKERS, PRESENTING AND ACCEPTING AWARDS TIPS AND TECHNIQUES

INTRODUCING SPEAKERS

Do you ever have the need to introduce a speaker? You might want to try these quick tips for delivering thoughtful speaker introductions:

- **Find out how long your speaker is prepared to speak**, and make sure you have allotted the appropriate amount of time to accommodate the speaker's topic AND the attention-span of your audience. There is nothing more embarrassing than having to stop a speaker in the middle of his or her talk. And, you don't want your members nodding off, either.
- **Don't steal the show** by making the introduction too long (60 seconds or less is sufficient), or by speaking on a topic that is in no way related to the speaker.
- **Grab the audience's attention** with a great opening. This can be an inspiring quote, a humorous anecdote, or an impressive milestone the speaker has achieved.
- **Briefly mention the topic** the speaker is addressing, but don't reveal too much about his or her speech.
- **Establish the speaker's authority and expertise.** This information will help solidify with the audience the speaker's credibility as a subject matter expert.
- **Finish with saying the title to the speaker's talk, if appropriate, and then the name of the speaker.** Then, lead the audience in applause to welcome the speaker and, again at the end of the talk, to thank the speaker for a job well done.
- **Always verbally thank the speaker** and, if possible, extend to your speaker a small token of your appreciation.

PRESENTING AWARDS

We hope you recognize your own members, or members of your community, on a regular basis for a job well done! Remember to highlight the value of both the award and the recipient. To create a memorable presentation, explain the criteria for the award and how the recipient met those criteria. Here are a few additional guidelines:

- **Tell a story** about the significance of the award.
- **Pronounce names** of the recipients correctly.
- **Provide background** on the recipient.
- **Hold the award respectfully** and hand it to the recipient as if it were a treasure.
- **Wait to invite the recipient** to the lectern until you formally introduce them.
- **Stand so the audience can see** the recipient and the award clearly.
- **Lead the audience in a well-deserved ovation.**

- **Allow the recipient time to formally accept the award** – see below.
- **Always lead the audience in applause after the recipient speaks.**

ACCEPTING AWARDS

Not only do you give awards, but we're sure you have the opportunity on a regular basis to accept an award for the great work you're doing! Whether you're accepting an Oscar, community or club recognition, below are some proven tips for delivering a powerful acceptance speech for any type of award:

- **Show your personality.** Your acceptance should come from the heart.
- **Be gracious.** Acknowledge the good work done by others in your organization and thank those that selected you for the award.
- **Show excitement.** You don't have to climb over chairs or even cry, but everyone should recognize that you're happy to have won the award.
- **Be modest.** Your acceptance should be heartfelt but not self-congratulatory.
- Don't be too long-winded.

MICROPHONE USAGE – TIPS AND TECHNIQUES

How to use a microphone to your advantage

- Familiarize yourself with the microphone prior to the meeting (is it a “hot” mike or a forgiving one)
- Go over points in notes just prior to going “on”
- Step to the microphone
- Adjust microphone
- Collect yourself and then begin
- Speak into the microphone – don’t mumble but command the audience with clear, loud, concise statements
- Speak loudly, clearly and slowly – it’s ok to have pauses in your delivery, you don’t have to fill every moment with noise (ah, um, and ah)
- Don’t lead off with “I hate these things” or “I think you can all hear me”
- Don’t speak to someone nearby within pickup range of the microphone
- Don’t hold on to the microphone for dear life
- Don’t wear heavy metal jewelry on your chest
- Keep papers out of your hands so they don’t rustle near the mike
- Do not wander on and off or go out of range by turning your head – turn your head but keep your voice at the mike
- Repeat any question presented to you from the floor (as some in the back of the room may not have heard the question)
- If it is getting noisy in the audience you are probably going too fast, too slow, too quietly or too long
- Keep strictly to time limits. Once the bell is sounded, you have lost your audience

How NOT to use a microphone

- “I think everyone can hear me, I have a really loud voice”
- Step to mike and adjust it....”How do you adjust this thing?”
- Spit or blow into mike as test
- Grab the mike with hand and make rustling noise
- “Can everyone hear me?” All right, good.....mumble....

SECTION 6: MEETING MANAGEMENT

- Speak or thank someone behind or off to the side of mike
- Answer a question without repeating it
- “Let’s give a big hand to” Applaud with papers in hand and jostle mike
- Swing head side to side.....only the word you speak in front of mike can be heard
